User ID

Password

Once you have passed the login, you will be taken to the home page.

### Part Number / Part Name Search

At the top of the page on the right is the search box.

Search for:

If you know the part number of the item you are looking for, or a part of the number, type it into the search box.

You can type in a part number (445-0689215), or the last 4 digits of a part number (9215), or leave out the dash (4450689215). You can also use the part name (cassette).

All of the above searches except the part name search will take you directly to an NCR money cassette which you can then click on and purchase.

The part name search will bring up a page of items with 'cassette' in the name. Page through the listed parts until you find the cassette you wanted.

If you don't find a match for the part number you are using. We may have the item stocked under another number, or a substitute that is interchangeable with it.

In that case, try the **Manufacturer Search** shown below to find your part.

[NEW NCR CASSETTE NON-TI](#)

**SKU#445-0689215**  
**\$110.00/EA**  
**(IN STOCK)**

## Manufacturer Search

You can use the Manufacturer buttons at the top of the page to search for a particular model of ATM. Once you rest your mouse over one of the manufacturer buttons, a drop down menu will appear. You can then click on the particular model you are interested in.

Say you were looking for a dispenser feed roll for a Diebold 1072ix. You can click on the Diebold button at the top, and then click on 1072ix from the menu that drops down.

### Your Criteria

#### Category

- DIEBOLD
- 1072IX

#### Refine search

 

---

### Categories

- ▶ CARD READERS (22)
- ▶ DEPOSITORIES (1)
- ▶ DISPENSERS (35)
- ▶ DISPLAYS (8)
- ▶ ELECTRONICS (2)
- ▶ PRINTERS (7)
- ▶ PROCESSOR MAIN BOARD (1)

The items list that appears will be all items used in a Diebold 1072ix. At the side under Your Criteria you can see that you've filtered your search by **Diebold** and **1072ix**. You can scroll down the list of 70+ items until you see the feed roll you are looking for.

Since you know the part you are looking for belongs in a dispenser, there is a quicker way to find it. Instead of scrolling through all the items you can click on **Dispensers** in the left column, and quickly refine your search to only items used in dispensers. You will quickly cut the list of items you must search through in half that way.

Even quicker, because you know you are looking for a feed shaft, you can type **feed** in the Refine Search box and click Go to limit the list to **Diebold, 1072ix**, and items with the word "**feed**" in the description.

That will show you a list of 9 items, from which you can quickly choose your feed roll.

You can see from the above examples that there are many ways to find what you need on the ABE site. We hope that you find the site easy to use and that it's a tool that makes your job easier.

In the event that you do NOT find what you need, you can click the "Can't find what you need?" button and you'll be taken to our **Contact Us** page.

From there you can click an email link to email our sales staff with your needs. There are also the numbers you'll need if you want to call us or fax a request.
